## Covid-19 Update

**Natasha Schoolwear is thrilled to announce the launch of our new website at [www.natashaschoolwear.co.uk](http://www.natashaschoolwear.co.uk).**

The website allows parents to purchase all items of their child's school uniform with the option of collecting in store or home delivery.

Due to Covid-19, we will be reducing foot traffic in the shop drastically, so the website allows parents to purchase their child's school uniform without visiting us. Size guides and images of the uniform are included on the website, along with all the information parents will need to purchase their uniform.

Social distancing and safety measures have been implemented in the shop. Returns and exchanges will be extended to a period of 2 months over the summer holidays; we encourage parents to buy early and we are more than happy to exchange items if they no longer fit later on in the summer. Once items are returned or exchanged, they will be placed in a designated quarantine area for 72 hours before being put back on shelves. There is clear signage in the shop asking customers to adhere to social distancing measures and 2 meters distancing in the queue area. We have hand sanitisers for customers and will be keeping surfaces disinfected. Customers will not be allowed to try items on and the changing rooms will be closed. Staff at the entrance will only allow a certain number of customers into the shop at one time, and only one parent/guardian will be allowed to shop with the child/ren.

We ask that you forward our website to the students at your school, to aid them in purchasing their uniform. We welcome any feedback, questions or concerns you may have.

Thank you,
