- Wednesday 18th October- Flu Vaccinations
- Thursday 26th October- Individual and sibling photographs
- Friday 27th October- End of half-term

Deputy Head Message

This week we have had a theme of safety running across the school. You may have noticed over the past weeks more presence from our local policing team as they help us keep the children safe on their arrival and departure to school. It is really important that when they are not present we continue, as a school community, to keep the children and families safe, with sensible parking, driving and waiting at the crossing. Thank you for your support with this.

Do you know we have an online safety policy which supports good and safe internet practice? If not, then please see our website and have a read. If you have any further questions, then please get in touch with the school. Phone and internet safety is really important to protect young minds.

As we move on further in the term we will also be promoting road safety, as well as firework safety, with workshops and assemblies for groups of children across the school.

Finally, please be reminded that school is NOT open to children on Monday, as it is one of our training days.

Have an enjoyable and safe weekend,
Mrs Goddard ☺

Collective Worship

In This week we had a lovely Collective Worship linked to our vision, and our value of Belong. We reflected on our school houses and how each house had special qualities, which when working together, make our school flourish and our children and staff grow into those mighty trees. Our singing is also sounding good with all children learning our Harvest Songs.

'From Tiny Seeds Grow Mighty Trees'

Reception

This week in maths we have been learning that some objects are the same and some are different.

Year 1

Tommy the Tiger came to visit Year 1 on Monday. The children were very excited and we have written some great descriptions.

Tommy's Reading Challenge!

This week, pupils in class, have been re-introduced to Tommy's Reading Challenge. A letter, bingo sheet of activities and recommended books sheet have been sent home.

Although the challenge is not compulsory, we would like as many children as possible to take part.

HAPPY READING!
